

MANNING LIBRARY

HAMMOND SCHOOL

Dear Hammond Parents:

A wonderful way to honor your son's or daughter's birthday is to give a book to the library in his or her name. An excellent book collection is the essence of any library. It is hard to keep pace with price increases for books, periodicals, and electronic resources. If each student in the Middle and Upper Schools were honored with the gift of a book to the library, our collection would be greatly strengthened, and we would be better able to remain current with the best of new publications. Please consider honoring your student in this way.

Students whose parents give a gift will be recognized on their birthdays by having a book selected and placed in the library in their honor. Each book will contain a special bookplate. Near the time of his or her birthday the student will receive a certificate with the title of the selected work.

If you would like your student to participate, please complete the enrollment form below and return it with your check. Thank you for your continuing interest in and support of Manning Library.

Sincerely,
Lynn Barron and Katherine Hopkins
